Y. W. C. A. UNIFORMS TO CLOTHE STUDENTS

Suits Worn by War Workers Will Be Given to Penniless Students in Switzerland.

Official uniforms of the Young Women's Christian Association minus the Blue Triangle, the Association insignia, will be worn next winter by women students who have been stranded in Switzerland during the war and who, because of lack of funds, inability to re-enter their native country, a desire to finish their university courses or because they have no family to which to return, will remain there next year.

Elizabeth M. Clark, who has been in Switzerland for ten years under the World Student Christian Federation, has appealed to the National Student Committee of the Y. W. C. A. for clothing for the 800 foreign women students in Switzerland. The scarcity of clothing last year among these almost refugee students made it necessary for two girls to share one coat so that only one could go to classes or go out of doors at a time.

Four large packing cases of all kinds of used clothing, save hats, which is in good condition, have been collected hastily from women college students in the New England States, Ohio, West Virginia, Pennsylvania, Maryland and Delaware by the Student Committee of the National Y. W. C. A. to be sent over in response to Miss Clark's appeal. This clothing will be dyed, cleaned and made over in Switzerland.

In addition to the clothing collected from students in colleges nearest New York a case of uniforms, which have been turned in by Y. W. C. A. secretaries who did war work, and the official gray uniform slaters is being sent. As uniforms are being turned in by war workers they will be claimed by the Student Committee, which will remove the insignia and prepare the uniforms so that they may be worn by these women who have been forced by world events to remain in Switzerland for several years.

To Restore Reims Cathedral.
A proposal has been made that France issue for sale a special stamp to pay the cost of repairing the Reims cathedral, which was so badly ruined by German shell fire during the war. Undoubtedly the idea will have a general appeal, for many persons throughout the world are deeply interested in the preservation of the grand old French edifice. Not unreasonably a large sum could be raised in that somewhat novel way, a sum which the Frenchman need have the slightest hesitation in accepting through a sense of false pride. Restoration of the ancient and beautiful structure, if such be possible, is a truly pious task and what could be more fitting than that religious hearts in every quarter of the world should prompt a generous response in gifts through the purchase of stamps as indicated?

Woman's Prerogative.

The Durrays had been married a year and Mrs. D. had cast from her all the little pretences and subterfuges that usually precede the wedding day. "Tomorrow will be my twenty-sixth birthday," she said unguardedly. "Why, just before our wedding you told me you were 21," gasped hubby. "Yes," said his wife smiling cheerfully. "but we women age rapidly after marriage."—Pittsburgh Chronicle-Telegraph.

WOMEN MAY CONTROL ELECTION IN 1920

Mrs. Medill McCormick Makes Some Predictions Concerning the Presidency.

Washington, D. C.—(Special)—Mrs. Medill McCormick, Chairman of the Republican Women's National Executive Committee, in an interview today stated her belief that no man can be nominated by the Republicans in 1920 who opposes women's suffrage.

"The fact should not be overlooked," said Mrs. McCormick, "that over twenty states have decided to let their women vote for Presidential electors in 1920. Fifteen of these states are located west of the Mississippi. Probably 8,000,000 or 9,000,000 women will vote and they will be able to dictate the choice of many electors, perhaps quite enough to turn the result one way or the other."

United States Senator Miles Poindexter puts his position on the proposed League of Nations tersely: "I am against war and for that reason I oppose such a League as President Wilson proposes, which will be simply a breeder of wars."

"The present Entente is far preferable to a League of Nations," says Senator Miles Poindexter. "There are less chances for strife between a few nations combined together, than in a much larger organization, such as the proposed World's League."

Senator Poindexter says: "The powers vested in a League of Nations must necessarily be exercised by men. If we may suppose that the men who will first be chosen to act for the nations will be both good and wise, men to whom we can trust our great policies of state, our peace, security and the honor of our country, what guarantee have we that the changing personnel of the supreme council will continue to be wise, benevolent, charitable and humane? Good and great men have been scarce in the history of the world; and why should we assume that the League will be dominated only by the good and the great?"

Mr. and Mrs. O. P. Harvey returned this morning from a week's visit with their son at Marshfield.
